Hi, I'm Dani.

After years of guiding tours for a major travel brand, I launched my own travel business to offer something more intentional: slower, deeper, beautifully organized trips that let you actually connect with the places you visit.

This free guide is your first step into a better way to experience Japan — especially if you're looking for cultural depth, ease, and unforgettable moments.

Why Travel with a Guide — and Why with Dani?

Traveling Japan is magical — but it can also be a lot:

- So many destinations to choose from.
- Navigating train systems, cultural etiquette, and language.
- Finding authentic experiences beyond tourist traps.

That's where Dani comes in. I craft small-group tours that feel easy, rich in meaning, and full of freedom — without the stress.

- ✓ Everything is organized for you — no planning needed.
- ✓ You'll visit both icons and hidden gems.
- ✓ Enjoy a balance of group time and solo exploration.
- ✓ Learn deeper context with a knowledgeable, on-the-ground guide.
- ✓ Travel with like-minded people in a relaxed, low-pressure group.

This isn't a rigid checklist-style tour — it's immersive, inspiring, and human-centered.
